

S  
SCAPE  
PARK  
AT CAP CANA

*A place where nature embraces your senses, takes you back through time and fills you with emotion*

## What is Scape Park?

*Scape Park is a natural theme park with numerous attractions ranging from adventurous and adrenaline-pumping activities to cultural and highly entertaining experiences, guaranteeing an unforgettable visit.*

*The park is located in the Cap Cana Resort, an exclusive residential destination in the east coast of the Dominican Republic, a country which occupies two - thirds of the Caribbean island Hispaniola situated between Cuba and Puerto Rico. Cap Cana is only 15 minutes away from Punta Cana International Airport, which offers direct flights to most major cities in the United States, Canada, Europe and Latin America. Adding to Cap Cana's spectacular design and architecture is its extraordinary natural beauty, vivid flora and peculiar fauna, making Cap Cana one of the most versatile destinations in the Dominican Republic.*

*Scape Park is located in the heart of the Cap Cana Resort, encompassing a surface of more than 1 million square meters. Its limestone topography presents many interesting landforms, the Farallon being one of the most spectacular. The Farallon cliff is over 100 meters high and extends 800 meters along the coast, providing for spectacular views in various of the park's activities. Multiple caves, caverns, and cenotes (natural lagoons) are found within the unique landscape of Scape Park. From its conception, the vision of the park has been to embrace the traditions and immense cultural heritage of Latin America and specially the Caribbean, extending from the Yucatan Peninsula in Mexico to Tierra de Fuego Archipelago at the southern tip of South America. It is a fascinating, vibrant fusion of European, African and native Indian cultures in a paradisiacal environment.*

*Cap Cana Resort is home to the most luxurious marina in the country and Juanillo Beach, the most renowned beach in the Punta Cana area. Due to this privileged setting, Scape Park is able to provide numerous aquatic activities and excursions, and thus offer interesting and unique possibilities for development and growth.*

Visitors arriving at the park immediately perceive a Caribbean atmosphere in our spacious reception area, where the light and tropical breeze come together to offer a warm welcome. The park, from this initial stage of development, offers all the necessary facilities for our visitors to spend a full day of adventure, fun and cultural immersion in our premises.

*Scape Store:* Our souvenir store offers both items from the Dominican Republic and Latin America, as well as custom branded articles so our visitors can take a small piece of us to their homes.

*Scape café:* Sandwiches, salads, hamburgers, grilled steak and chicken, natural juices, snacks, coffee and everything needed to renew some energy surrounded by nature in this beautiful tropical garden.

*Scape Memories:* Visitors will be able to remember their magic experience in Scape Park purchasing pictures and videos of their day at the park.

*First Aid Office and Ambulance:* Fully equipped first aid office and duly certified paramedics to attend any medical emergency.

*Restrooms, Dressing Rooms and Lockers:* Our restrooms include dressing rooms and lockers so that our visitors store their personal items while enjoying the park's attractions.

*Buses:* We offer pickup service throughout the Cap Cana, Bavaro, Punta Cana, Macao and Uvero Alto areas, always in first quality air-conditioned buses.

# SITE PLAN

This site plan only shows the area that the active attractions enclose at the moment and those that will be developed up to 2016. The park has a total area of 1 million square meters/100 hectares.
